

Dear Member,

While you were working at your previous employer, you were part of a workplace pension provided by Fidelity International. Even though you no longer work there, it's important that you don't lose sight of the savings you have already built up.

What do you need to do now?

Continue to track your pension. We will make sure we look after your pension savings for as long as you want us to, please make sure your personal contact details are up to date in [PlanViewer](#). That way, we can keep you informed of anything important relating to your pension and you can continue to monitor how your pension pot is performing. You will also find some useful guides and tools to help you with your retirement planning - whether you're nearing retirement or just getting started.

If you need further assistance or have any queries regarding your pension, you can visit our website retirement.fidelity.co.uk or contact our Pension Service Centre on 0800 368 6868.

Log in to PlanViewer

Don't forget - If you're logging in for the first time, you may need your **Fidelity Reference Number** which you can find on your annual benefit statement or any other letters we've sent you.

For an even easier way to access your account information
download our PlanViewer app
